

Lost Rhino Brewing Company

We here at Lost Rhino challenge the craft beer enthusiast to experience adventure and awesomeness in each of our beers. Inspiring excursions like riding a tasty wave at Huntington Beach or ridiculous rappelling in the Rockies...the experience is yours to discover. Our quest for ever-changing flavor nuances has brought a wide variety of taste variables to our portfolio. Start your jaunt with a hoppy, yet very drinkable Pilsner or a rich, hearty IPA. An American Pale Ale and various seasonals will fully cover your itinerary. And while your at it...take the path less traveled, its a tasty one...and you'll be better for it.

Lost Rhino Brewery was born out of the fierce desire to keep the tradition of craft brewing alive in Northern Virginia. We were longtime brewers from Old Dominion and bought back the brewhouse and moved it to its new location in Ashburn, VA. It is here that we're brewing some of the most outstanding pilsners and ales in the Washington, DC area.

Face Plant IPA

6.2% ABV • 65 IBUs

The flavor of whole cone Cascade and Centennial Hops dominates this American-style IPA. Multiple hops additions in the boil kettle and a massive one in the Hop back builds an array of hop flavors and aromas. This unfiltered amber ale has a penetrating herbal mouthfeel and pleasing floral nose backed by Pale, Vienna, and Crystal malts.

The use of a Hop Back allows us to collect all the flavor and aroma of the hops without gathering any extra bitterness.

New River Pale Ale

5.4% ABV • 35 IBUs

Lost Rhino has acquired the rights to New River and brews it to the same exacting recipe.

Three hop additions in the boil and then gloriously dry hopped, New River is an extremely aromatic American-style pale ale. The use of American Crystal and Munich malts create sweetness in the finish that balances the hop bitterness.

The blend of the Pacific Northwest hops Amarillo, Cascade, Columbus, and Centennial generates aroma and flavors of lemon citrus, pine, and touches of sweet tropical fruit.

Rhino Chasers Pilsner

5.6% ABV • 45 IBUs

With a rich, dense, creamy head this crisp golden lager is clean and refreshing. Premium Canadian Pilsner and Munich malts create a sweet backbone, but hops are what really make this brew stand out. Spicy hop flavor and fresh aroma are from the U.S. grown Halertau and Saaz.

Uncluttered and sharp, our pilsner relies on the basics of lager brewing. Good water, excellent ingredients, solid brewing practices, and lots of patience.

Root Beer

Lost Rhino has introduced its favorite Root Beer recipe using local ingredients whenever possible. It's sweetened with Cane Sugar and Honey, our Root Beer is dark and creamy with the flavors of sarsaparilla, wintergreen, and honey. Goes great with Ice Cream.
